

## FabTech Helps You ...

**Increase Profit** You want jobs done on time and on budget. FabTech's competitive rates save you money.

**Increase Speed** You want to concentrate on getting projects complete on time. FabTech provides resources and speed to our customers. Unitizing and pre-glazing help you close in buildings faster.

**Increase Quality** FabTech concentrates solely on shop drawings, engineering, fabrication and preglazing. We do it daily and see all kinds of jobs. So, we have the experience, equipment, and systems to ensure quality on every job.

### Unitized and Pressure Wall Curtainwall

We fully fabricate and can preglaze most systems. From KD to full unitized, we offer it all. This allows you to get on and off the job site quickly and for a total lower cost.

### Podium and Complex Job Specialists

FabTech manages all aspects of your podium so you can concentrate on tower work. Reduce hassles and increase speed.

### Preglazed and Standard Storefront

All systems fabricated. We are experienced at preglazing standard storefronts from all major manufacturers.

### Doors and Hardware

From Hardware-by-others jobs to complete custom doors, FabTech is your one stop shop. We can take your door blanks and prep and install the hardware. We are faster and less expensive than the factory.

Ask us for a list of references so you can find out for yourself how we help.

Since 1995, FabTech has been one of the leading aluminum fabrication partners in the country. With thousands of jobs successfully fabricated and glazed, we give you confidence your project will be done accurately, on time, and on budget.

FabTech's two facilities house 33,000 square feet full of state-of-the-art CNC equipment and a highly trained team of fabrication professionals.

## Why FabTech

From a single door to 100,000+ square feet of unitized curtainwall, FabTech can do it all.

### **INCREASE CAPACITY WITHOUT OVERHEAD COST**

Our fabrication expertise meshes very well with your installation skills. And, best of all, you don't need to ramp up a back office operation to take on more work or complete existing projects faster.

### **EXPAND YOUR CAPABILITIES**

From shop drawings and engineering to preglazed windows, we do it all. We are experts in all types of fabrication. We are podium specialists to help you manage the hassles of large scale projects with special lower level requirements. Custom hardware packages are no problem for us. FabTech delivers quality quickly.

### **PICK UP VELOCITY ON THE JOBSITE**

Think about the value of every day you are on the jobsite. Costs such as labor, supervision, equipment, and supplies pile up. Any delays can cost you time and money. FabTech provides horsepower to get you complete faster. Preglazing means even quicker job completion.

### **INCREASE FABRICATION QUALITY**

Our sole mission is to fabricate and preglaze curtainwall and storefront. We concentrate on providing quality fabrication and leave the installation expertise to you. With the most modern automated systems and a crew of experienced fabricators, FabTech can handle any type of job.

### **DECREASE OVERALL COSTS**

In-house fabrication is not always the right choice for every glazing company. In addition, many contract glazers lose time and capacity in the field by bringing in field people to fabricate. Think of the lost profits when you can't complete a job due to fabrication constraints. FabTech can help.
